

## Enhance Your Career Through The Institutes CPCU Society Mentoring Program

As the industry leader in continuing education for CPCU® designees and candidates, The Institutes CPCU Society is pleased to introduce our latest knowledge sharing initiative: the CPCU Society Mentoring Program! This program is open to all paid CPCU Society members and candidate members.

### Flash Mentoring

Instantly connect for a one-time discussion or continue to maintain the connection as you see fit. Ideal for those seeking informal mentoring, general advice and tips, or to expand their network.

### Traditional Mentoring

Choose a match for a minimum of 6 months and work together to set objectives, expectations, and timelines. Ideal for those with a specific professional development plan or goal in mind.

## Become a Mentee

Gain support and guidance from a CPCU

Be inspired to grow your career

Expand your professional network

Become more involved in the industry

### Optimized Mentor-Mentee Matchmaking

Our new program and sophisticated matching software ensure that both the mentor and mentee significantly benefit from their pairing. Mentors and mentees will be matched by interest and expertise, career goals, and chapter location.

### Mentoring for Both CPCUs and Candidates

As a mentee, you will connect with a CPCU Society member who will provide guidance on leadership development, career growth and succeeding in the industry. Candidates can also gain assistance on your CPCU journey—whether you seek advice on passing an exam or need encouragement to take the next step.

## Become a Mentor

Share knowledge with eager colleagues

Give back to the industry

Develop your leadership skills

Boost your resume

### Mentoring Is for Everyone!

You don't have to be an expert to be a mentor. Mentees are looking for guidance, advice and discussion on a wide variety of career topics. In fact, nearly half of surveyed new designees report that their biggest challenge is simply "choosing the next step in their career path." Participate as your schedule allows, as a flash mentor, traditional mentor, or both.
